Situation in Iran (continuation of debate)

Ana Maria Gomes (PSE). - Mr President, have all EU Member States been consistent in the political message delivered to Iran to back the efforts of the EU three and Mr Solana on the nuclear file by living up to the imposition of the economic sanctions?

And have EU Member States and you, Mr Solana, been pressing the Bush Administration to talk to Iran directly, not just about Iraq, but about the nuclear file in particular? Or are you of the view that there is no point, that it will wait for the next US Administration?
