

East Timor (vote)

Ana Maria Gomes (PSE). - (PT) This oral amendment has obtained cross-group consensus. It is aimed at reflecting the request made by the authorities in East Timor at the United Nations Security Council for a peace-keeping mission with a UN mandate, should this prove necessary. The amendment is aimed at expressing this request. The paragraph would therefore read as follows:

‘Stresses that the process of gradual reduction of the UN mission in East Timor over the last four years must be reversed and asks for the urgent deployment of a UN-led police force to help restore stability, and a UN-mandated peacekeeping force as requested by the East Timorese authorities on 13 June 2006;’
