Dear Colleagues,

We have just encountered what we interpret to be as a mistake published on the EP website and the Libe website:
<https://polcms.secure.europarl.europa.eu/cmsdata/upload/b03bc512-0621-4419-bf2d-e4af55aba605/RCV%2016%20July%202015.pdf>.

From this result of the vote on PNR in Committee, Ms Gomes would have voted against the "Text as Modified". However, she voted in favour.

As you can also appreciate from the PDF attached (a working document reflecting the result of the vote in LIBE), Ana voted in favour of both the "text as modified" and the "mandate".

Could you please clarify what is the matter here?

Thank you so much in advance,
Kind regards,

Alexandra Carreira

Subject: Change on PNR vote - online correction needed urgently

Dear Mr. Cahen,

Thank you for having swiftly taken care of the issue of the PNR vote.

Unfortunately, the correction has still not been done on the EP website.

I would like to ask you to urgently ensure that the change is made on the pages (both the LIBE page and the Background Notes/News page) of the EP website.

Should this change not be done today, I will be forced to address this issue in the Committee meeting tomorrow.

Thank you for your efforts.

Best regards,
Ana Gomes

Dear Ms Gomes,

The document with the voting results of the EU PNR vote of 15 July has been removed from the LIBE website this afternoon and the same has been done from the press officer on their website.

We informed the technical responsible to publish the correct vote result the earliest possible tomorrow morning.

Kind regards and my apologies for any inconvenience
