## Explanations of vote

- Motion for a resolution B6-0097/2009 : Alleged use of European countries by the CIA for the transportation and illegal detention of prisoners

Ana Maria Gomes (PSE ), in writing. – I did vote for keeping the reference to Portugal, including the reference to the responsibilities of the Barroso Government, despite the fact that I think that the text of that paragraph could be more accurate and mention ‘new factual information’ and not just ‘press information’.
